

Emergency Relief Directory

JANUARY
2020

SOUTH AUSTRALIA

Dear Service Providers

Welcome to the 2020 South Australian Emergency Relief Directory.

Emergency Relief services are an essential part of the community's support for those most vulnerable. Ensuring that people are able to access the appropriate local service can have a significant impact in helping people navigate challenging or emergency situations within their lives. We hope that this Directory will enable you to quickly find the information you need in order to connect people to the services they need.

We would like to thank all agencies who have provided their information. We realise that there may still be gaps, therefore, we commit to updating the Directory as often as we can to ensure we have a timely and accurate resource. If you have information that should be included, please contact us on 08 8269 9300.

We acknowledge the agencies and workers who use this Directory and thank you for the time, effort and care you put into supporting people in need of Emergency Relief. Your care and willingness to act makes a real difference to the lives of many. No doubt this Directory will assist in making your work easier.

I would like to thank the Lutheran Community Care staff and volunteers involved in this project for collecting and presenting the information in an accessible way. They are all very aware of the importance of this resource as they support the delivery of Emergency Relief on a daily basis.

The Emergency Relief sector in South Australia has a strong reputation for working collaboratively to serve the community. We hope this Directory helps you continue to do so.

Kind regards

A handwritten signature in black ink, appearing to be "Rohan Feegrade".

Rohan Feegrade
Chief Executive Officer

HOW TO USE THIS RESOURCE

Alphabetical Location

Each suburb/township is detailed in alphabetical order. Should you wish to identify which agencies provide ER services to a particular location you can simply scroll down to the suburb / township and the appropriate agencies will be detailed in the far right column. Once you have identified the agency or agencies you may wish to explore further; you can use the index (pg. 6) to refer to a more comprehensive description of their contact details, service times, etc.

Postcode Search / Electronic Search

Postcodes of suburbs/townships are listed in the second (middle) column. In order to preserve the alphabetisation of suburbs the postcodes are not listed in any particular order. Should you wish to search via postcode only: press '**Ctrl + F**' on your computer keyboard and it will open a search field in the top right corner of Adobe Reader. Enter the postcode (e.g. 5084) and press '**Enter**'; the search function will locate the postcode within the document. It will be highlighted for your convenience. You may click the left and right arrows of the search text input window to find other areas where that postcode is detailed.

Note: The search function can also be used for text entry, so you may search for suburbs electronically.

Updates

We have done our best to ensure that this Emergency Relief directory is timely and accurate. There are a large number of support agencies in South Australia, and we can only detail those that have completed and submitted the directory templates. Updates will occur as new information and corrections to existing information are obtained.

For updates / modifications please contact: blairathol@lccare.org.au

Last update 16/1/20

**For more information please contact Lutheran Community Care on
08 8269 9300 or visit www.lccare.org.au**
